### State of Kansas Awards Key Mission-Critical Contract to Fairfax Software

Fairfax Software is pleased to announce that it has been recently awarded a contract by the Kansas Department of Revenue (KDOR) to provide a single software solution to process remittances, forms, attachments, documents, correspondence, envelopes, and W2/1099's; all tax mail received by KDOR. This contract was awarded following a thorough competitive procurement process undertaken by KDOR, which culminated in Fairfax Software being the winner of the procurement.

## State of Indiana Awards Key Mission-Critical Contract to Fairfax Software

Fairfax Software is pleased to announce that it has been recently awarded a contract by the Indiana Department of Revenue (INDOR) to implement a single software solution to process remittances, forms, attachments, documents, correspondence, envelopes, and W2/1099's; all tax mail received. This solution will be based on the award-winning *Quick Modules 5.0* software suite which is an industry leading platform used by more state and local revenue agencies for remittance processing and data capture than any competitive system. For the last eight (8) years, Fairfax Software's award-winning signature product *Quick Modules* has been in use at INDOR to process remittances of the incoming mail using the NCR (NYSE: NCR) iTran and ibml ImageTrac high-speed scanners. As part of this new contract, Fairfax Software will implement the latest version of the *Quick Modules 5.0* software suite which provides a single platform designed to process virtually all of INDOR's inbound mail and electronic transactions for payment processing and data capture.
